Overview

A meaningful, human connection with a teacher is an invaluable benefit to a child. We believe mentors are a necessary attribute of the traditional school model that homeschoolers can greatly benefit from. The Pioneers class (grades 6–8) challenges students intellectually and philosophically throughout a 3 hour period, 3 days a week with structured curricula that covers all common subjects and highlights America's founding principles. In a positive and social environment, the ASA model emphasizes self-governance, critical thinking and entrepreneurship. With day to day consistency and rhythm, your child will benefit from a well rounded routine created with exceptional educational activities and quality arts & crafts. Designed for homeschooling families, this program balances learning and living, inspiring children for a lifelong love of discovery.

Safety

Parents feel at ease knowing their children's safety is our first priority using background checks for all volunteers and highly trained armed guards to monitor the location at all times. Complete with cameras both inside and out, ASA works with companies that come fully insured and equipped. Each family has a unique code to access the locked building and can freely check on their child as they feel necessary.

ASA Mission Alignment

The Pioneers class cultivates independent thinking, early civic virtue as well as strong financial literacy and entrepreneurship skills. Your family will thrive in a community-driven setting with a focus on safety, family, comradery and academic excellence. We empower parents to choose a holistic education that nurtures their child's potential.

FAQs

Q: Do I need to buy any supplies? A: We ask that each family donate a **ream of printer paper** at the start of each session. All other supplies are provided. There are only supply fees for afternoon extracurriculars.

Q: What do I send my Pioneer to school with? A: A backpack, snack and water bottle. Pack a lunch if they are full day.

Q: Is there homework? A: A Math Review Packet is sent home about once every week or so. There is weekly writing homework. Occasionally there will be a Show and Tell presentation to prepare for at home. Each session has a final project and may need to be worked on at home as well.

Q: Is there a dress code? A: Yes. There is a basic dress code that includes khaki or navy pants, shorts or skirts and any color polo.

Q: Do I need to purchase any curriculum or books? A: No. We provide these to the students which are covered by the annual membership fee.

Q: Are all IHIP requirements met with your program alone? A: Yes

Q: Are you accredited? A: No. We are a PMA separate from the state and approved by parents exclusively. Assessments are provided for tracking progress.

Q: Is there any religious content taught? A: We are not a faith based co-op, however, our lessons explore the role of the Creator as reflected in America's founding documents and the design of our government, while maintaining a focus on history, philosophy, mathematics, and scientific inquiry without teaching religious doctrine. We cover how the religious values of America's founding are related to the liberty we have today. The Pledge of allegiance is recited each morning with the entire co-op which parents may attend.

Letter from the Founders

Dear Fellow Parent,

Choosing to homeschool our own children gave us more time to spend together and an opportunity to shape their education according to our standards. We found the perfect academic components in the Classical model of education, which we believe offers the surest, time-tested and most complete schooling when paired with in-home learning. American Seekers Academy is a reflection of family-centric principles and our admiration of Hillsdale Academy and their Barney Initiative. With this example in mind, ASA was designed by homeschool parents like yourselves, people who appreciate certain aspects of traditional schooling and also deeply value the opportunity to be at home with their children. We wanted to meet more parents who are proudly raising their children according to their beliefs and whose hope is the same as ours, to protect the liberties of our children. Ultimately, we needed more than the average a co-op could provide. We found out that we weren't the only ones.

Thank you for the chance to raise our family alongside yours.

-The Browns (homeschooling since 2020)
